

We're Hiring!

Quality Control Manager JSOC Microgrid, Fort Bragg, North Carolina

David Boland, Inc., a general contractor located on Florida's Space Coast, has over 50 years of proven success specializing in the construction of Federal Government projects nationwide. Our team pursues diverse opportunities from aviation and aerospace to manufacturing, healthcare, and education in the \$10M to \$75M range, all in support of our country.

An opportunity currently exists for an experienced **Quality Control Manager** to lead, manage, and direct the quality control functions to ensure the independent verification of quality standards is met throughout all phases of the construction process for the **JSOC Microgrid** project at **Fort Bragg, North Carolina**.

The project involves construction of an electric microgrid system, including providing a two-megawatt diesel generator, a new switchgear building, renovations to an existing switchgear building, a new fuel farm with distribution to the new and four existing generators, new pad-mounted medium-voltage electrical equipment, and concrete-encased power and communication duct banks with a contract value of \$42.6M.

As a Quality Control Manager, you will be responsible for:

- Leading, managing, and directing the quality control staff.
- Interacting with Owner's representatives to address and resolve quality control issues.
- Implementing the three-phase control system for all aspects of work.
- Daily observation of the work and performing ongoing inspections to ensure work is performed in accordance with approved submittals and contract requirements.
- Reviewing all inspections and test reports to ensure compliance with contract requirements.
- Ensuring submittals are timely received, reviewed, submitted to the Government, and tracked in project management software.
- Ensuring documentation of quality control activities.
- Project close-out.

The successful candidate must be a graduate engineer, graduate architect, or a graduate of construction management with a minimum of seven (7) years of construction experience on projects of similar size and type.

Excellent performance is rewarded with competitive salaries, a generous incentive compensation program, and a comprehensive benefits package, including 401(k) with match, medical, dental, short-term disability, and life insurance, as well as professional development opportunities.

HOW TO APPLY: Qualified candidates should send a resume/project list to careers@dboland.com.

David Boland, Inc. is a Drug-Free Workplace/Equal Opportunity Employer and ensures that all employment decisions are made on a non-discriminatory basis, and without regard to sex, race, color, age, national origin, religion, disability, genetic information, marital status, sexual orientation, gender identity/reassignment, citizenship, pregnancy or maternity, veteran status, or any other status protected by applicable national, federal, state or local law.

VEVRAA Federal Contractor/Participates in E-Verify.
