We're Hiring!

Quality Control Engineer – 10MW Generation Plant with Microgrid Controls
Fort Stewart, Georgia

David Boland, Inc. – We build for national security. We build for our communities. We build for the future!

Do you want to be part of a team that builds for America's military and civilian servants? Does building critical infrastructure that supports and protects our country and its citizens excite you? Consider joining our Project Management team! David Boland, Inc., a general contractor located on the Space Coast of Florida, has over 50 years of proven success specializing in the construction of Federal Government projects nationwide. Our team pursues diverse opportunities from aviation and aerospace to manufacturing, healthcare, and education in the $10M to $75M range, all in support of our country.

An opportunity currently exists for an experienced **Quality Control Engineer** for the **10 MW Generation Plant with Microgrid Controls, Fort Stewart, Georgia** project**.** This is an opportunity to join a well-established organization that has spent over forty-eight years providing military-grade management to projects nationwide.

As a Quality Control Engineer, you will be responsible for:

- Monitoring work performed by subcontractors and suppliers for compliance with the drawings and specifications.
- Performing review of submittals.
- Assisting in the preparation of the Contractor Quality Control Daily Reports.
- Reviewing Requests for Information ("RFI") from subcontractors and suppliers, and prepare RFIs for review by the Quality Control Manager and submission to the client.
- Assisting in the verification of completion of construction deficiencies.
- Assisting the Quality Control Manager in the project close-out.
- Performing research, including detailed review of reference standards and other sources, to provide recommendations for resolution of project issues.

The successful candidate must be an engineer or construction management graduate with two (2) years of experience or an individual with five (5) years of ground-up construction experience inspecting various features of work including civil, mechanical, electrical, and structural.

Excellent performance is rewarded with competitive salaries, a generous incentive compensation program, and a comprehensive benefits package, including 401(k) with match, medical, dental, short-term disability, and life insurance, as well as professional development opportunities.

HOW TO APPLY: Qualified candidates should send a resume/project list to careers@dboland.com.

David Boland, Inc. is a Drug-Free Workplace/Equal Opportunity Employer and ensures that all employment decisions are made on a non-discriminatory basis, and without regard to sex, race, color, age, national origin, religion, disability, genetic information, marital status, sexual orientation, gender identity/reassignment, citizenship, pregnancy or maternity, veteran status, or any other status protected by applicable national, federal, state or local law.

VEVRAA Federal Contractor/Participates in E-Verify.
